

# JV247P

## GE® 24" Deluxe Range Hood

### Features and Benefits

- Convertible Venting - Hood designed to accommodate a vented configuration, which channels exhaust outside of the home, or a non-vented configuration, which filters and returns the air into the kitchen
- Vertical and Rear Exhaust - Hood design gives installers total flexibility to connect the exhaust vent to your home's duct work from either the top or rear of the unit
- Variable Speed Fan Control - Variable speed fan control helps removes the smoke, grease, odors and moisture you create when cooking to keep your kitchen air clean and livable
- Cooktop Light - Enjoy the convenience of light under the hood to help you better see your cooking surface
- Removable Grease Filter - Durable grease filter collects the grease that builds up from cooking and removes quickly and easily for cleaning
- Round and Rectangular Ducting - Designed to fit standard round and rectangular duct work for quick and simple installation
- Rectangular Damper Included - Included damper keeps the vent sealed when it is not in use, so your home's heat doesn't escape
- Model JV247PWW - White on white
